The Science and Mathematics faculty in the College of Integrative Sciences and Arts on the Polytechnic Campus at Arizona State University invites applications for an Assistant/Associate Professor position in sustainable/urban horticulture. Expectations for this position include: engage in research applicable to your field, teach undergraduate and graduate courses, provide innovative teaching techniques, advise students, and provide service to the unit, college, and university. Teaching load is typically two (2) courses per semester. Course load and composition is determined by the faculty head. This is an academic-year appointment with an expected start date of August 2019. The Assistant/Associate Professor position is a benefits-eligible appointment with tenure implications. Salary is competitive to commensurate with experience.

Required Qualifications:
- An earned terminal degree in horticulture or related field at the time of appointment
- Strong background in sustainable/urban horticulture, plant microbe interactions, plant pathology, integrated pest management, urban agriculture, or turfgrass science.
- Clear potential to secure external research funding
- Strong record of (or strong evidence of the promise of) scholarly research and publications
- Evidence of teaching excellence
- Excellent written and spoken communication skills
- Commitment to meeting the needs of diverse student populations and/or reaching out to diverse communities

Desired Qualifications:
- Post-doctoral experience
- A record of publishing in peer-reviewed journals
- Strong record of ability to secure external research funding
- Evidence of ability to establish collaborative research relations with industry partners
- Two (2) or more years of teaching experience at the undergraduate level
- Evidence teaching on-line and in-person
- Experience using course management systems such as Canvas
- Experience working in a collaborative environment and across disciplines

Application Procedure:
To apply, visit https://cisa.asu.edu/jobs and upload your application as one combined .pdf document under job number 12566. Only electronic submissions will be reviewed. Incomplete applications will not be considered. Applications must contain:
1. Cover letter of interest
2. Curriculum vitae
3. Statement of teaching philosophy
4. Evidence of teaching excellence
5. Information for three professional references (their position, title, e-mail, phone number)

The application deadline is 11/30/2018 at 5pm; and if not filled, then every Friday thereafter until the search is closed. Official Transcripts required prior to first day of employment. A background check is required prior to employment. For technical assistance with your application contact cisahr@asu.edu, for position-related questions contact Search Committee Chair, Dr. Chris A. Martin chris.martin@asu.edu.

Arizona State University is a VEVRAA Federal Contractor and an Equal Opportunity/Affirmative Action Employer. All qualified applicants will be considered without regard to race, color, sex, religion, national origin, disability, protected veteran status, or any other basis protected by law. (See ASU’s complete non-discrimination statement at https://asu.edu/aad/manuals/acd/acd401.html; see ASU’s Title IX policy at https://www.asu.edu/titleIX/)

ASU offers applicants an opportunity to voluntarily self-disclose information for the University affirmative action plan; applicants may complete an EEO survey for the position they are applying for online. Information you will need to complete the survey: Job Number: 12566; Job Title: Assistant/Associate Professor, Sustainable/Urban Horticulture, Department Name: College of Integrative and Sciences and Arts.

General Information: Arizona State University is a comprehensive public research university named #1 in the United States for innovation for the fourth consecutive year, (https://asunow.asu.edu/20180909-asu-news-ranked-most-innovative-US-school-fourth-
time) followed by #2 Georgia State and #3 MIT. We measure our success not by whom we exclude, but rather by whom we include and how they succeed; advancing research and discovery of public value; and assuming fundamental responsibility for the economic, social, cultural and overall health of the communities we serve. ASU’s College of Integrative Sciences and Arts is home to innovative teachers who are guided by educational access, student success, applied learning, and interdisciplinary inquiry. We understand there are many paths to achieving a university education, and we build undergraduate and graduate degree programs and pathways that are flexible and relevant for a rapidly changing world.
