The Science and Mathematics Faculty in the College of Integrated Sciences and Arts at the Polytechnic campus of Arizona State University is seeking a highly motivated, energetic and passionate individual to fill an Instructional Professional position in applied physics. The Instructional Professional will be part of a team that includes Applied Physics faculty and other instructional staff dedicated to quality instruction. Instructional Professionals are primarily responsible for laboratory instruction. Additional responsibilities include the design of curriculum and instructional programs, modification of lab exercises, and delivery of instruction. Instructional Professionals are responsible for set-up and take down of labs and grading of student assignments. Teaching load is typically 5 to 6 labs per semester or an equivalent combination of recitations and laboratory sections. Course load is determined by the faculty head. This is not a tenure track position.

This is a fiscal year appointment 7/1/2016 to 6/30/2017; and may be prorated based upon actual start date. This Instructional Professional position is a fixed-term, benefits-eligible, fiscal-year, academic professional appointment with no continuing/probationary implications. Renewal is contingent upon availability of funds, satisfactory performance, and the needs of the university. Salary is competitive and dependent upon qualifications, experience and rank.

Required Qualifications:
- Master’s degree in Physics or closely related field at time of appointment.
- Evidence of excellent teaching ability.

Desired Qualifications:
- A PhD degree from an accredited institution in Physics or closely related field at the time of appointment
- Demonstrated experience teaching physics laboratories at the undergraduate college level including laboratory exercise design, preparation, implementation, and clean up.
- Excellent verbal and written communication skills.
- Experience in course management systems such as Blackboard and online homework systems

Application Procedure:
To apply, visit https://cisa.asu.edu/jobs and upload your application as one combined .pdf document under job number 11881. Only electronic submissions will be reviewed. Incomplete applications will not be considered. Applications must contain:

1. Cover letter of interest.
2. Curriculum vitae
3. Statement of teaching philosophy
4. Evidence of teaching effectiveness should include copies of two sets of student evaluations at the postsecondary level
5. Information for three professional references (their position, title, e-mail, phone number)

The application deadline is April 7, 2017 at 5pm; and if not filled, then every Friday thereafter until the search is closed. A background check is required prior to employment. Candidate must reside in Arizona, or be willing to relocate. Direct all inquiries to Search Committee Chair Dr. Maxim Sukharev at maxim.sukharev@asu.edu. For technical assistance please email cisajobs@asu.edu.

Arizona State University is a VEVRAA Federal Contractor and an Equal Opportunity/Affirmative Action Employer. All qualified applicants will be considered without regard to race, color, sex, religion, national origin, disability, protected veteran status, or any other basis protected by law. (See ASU’s complete non-discrimination statement at https://asu.edu/aad/manuals/acd/acd401.html; see ASU’s Title IX policy at https://www.asu.edu/titleix/)

ASU offers applicants an opportunity to voluntarily self-disclose information for the University affirmative action plan; applicants may complete an EEO survey for the position they are applying for online. Information you will need to complete the survey: Job Number: 11811; Job Title: Instructional Professional (Physics); Department Name: College of Integrative Sciences and Arts.

General Information: Arizona State University is a comprehensive public research university named #1 in the United States for innovation for the second consecutive year, followed by #2 Stanford and #3 MIT. We measure our success not by whom we exclude, but rather by whom we include and how they succeed; advancing research and discovery of public value; and assuming fundamental responsibility for the economic, social, cultural and overall health of the communities we serve. ASU’s College of Integrative Sciences and Arts is home to innovative teachers who are guided by educational access, student success, applied learning, and interdisciplinary inquiry. We understand there are many paths to achieving a university education, and we build undergraduate and graduate degree programs and pathways that are flexible and relevant for a rapidly changing world.
