The Science, Mathematics and Social Sciences faculty in the College of Integrative Sciences and Arts on the Downtown Phoenix Campus at Arizona State University invites applications for a Microbiology/Biology Lecturer with an anticipated start date of August 2017. The successful candidate will provide instruction in the areas of Microbiology/Biology, i.e. microbiology, biology for non-majors, general biology and HIV/AIDS special topics courses; teach lecture and/or lab sections of lower-division microbiology and biology courses; oversee associated lab sections for assigned lecture courses; develop course syllabi according to university and discipline standards; write, assign, and grade exams, quizzes, problem assignments, and laboratory experiments and/or directs the grading of course assignments; maintain student grade records for assigned courses; review and evaluate effectiveness of teaching methods and work activities; mentor, supervise, and train staff/student workers in microbiology/biology lab instruction; and work with faculty in curriculum development, planning, and implementation. Course assignments may be at the graduate and/or undergraduate levels, and may occur in a variety of modalities (online, on-ground, hybrid), on the Downtown Phoenix campus. In addition to a typical course load equivalent to 12 credit hours a semester, the successful candidate will also be expected to participate in service to the institution and profession as appropriate.

This is a full-time, benefits-eligible, non-tenure eligible position renewable on an academic year basis contingent upon satisfactory performance, availability of resources, and the needs of the university. Salary is competitive commensurate with experience. Candidate must reside in Arizona, or be willing to relocate. Background check required prior to employment. Official transcripts required prior to first day of employment. Course load is determined by the faculty head.

Required Qualifications:

- Master’s degree in microbiology or related discipline and two years teaching experience in microbiology, biology for non-majors, general biology, and special topics HIV/AIDS (biological, sociological, and psychological aspects) courses
- Evidence of excellent teaching ability in lecture and lab
- Demonstrated experience using technology for biology instruction including software, course management systems, online homework systems, and data collection systems for the biology lab
- Experience using, and training others to use, standard microbiology equipment in a lab teaching setting
- Two years’ experience supervising student teaching assistants in microbiology techniques and lab teaching practices
- Teaching experience in a large enrollment program
- Demonstrated knowledge of university policies and procedures related to biosafety.

Desired Qualifications:

- Ph.D. in microbiology or related discipline and at least four years of microbiology/biology teaching experience
- Four years’ experience supervising student employees in microbiology techniques
- Demonstrated knowledge of the university’s policies and procedures related to staff and student hiring
- Experience in and sensitivity to working with diverse students
- Experience working in collaborative environments within and across disciplines
- Experience using the biology education literature to inform classroom practice and curriculum development

Application Procedure:

To apply, visit [https://cisa.asu.edu/jobs](https://cisa.asu.edu/jobs) and upload your application as one combined .pdf document under job number 11852. Only electronic submissions will be reviewed. Incomplete applications will not be considered. Applications must contain:

1. A letter of interest outlining your required and desired qualifications
2. Curriculum vitae
3. Evidence of teaching effectiveness including copies of two sets of student evaluations at the postsecondary level
4. Information for three professional references (their position, title, e-mail, phone number)

The application deadline is 02/16/2017 at 5pm; and if not filled, then every Friday thereafter until the search is closed. A background check is required prior to employment. For technical assistance with your application contact cisahr@asu.edu, for position-related questions contact Search Committee Chair Richard Bauer at rbauer@asu.edu.
Arizona State University is a VEVRAA Federal Contractor and an Equal Opportunity/Affirmative Action Employer. All qualified applicants will be considered without regard to race, color, sex, religion, national origin, disability, protected veteran status, or any other basis protected by law. (See ASU's complete non-discrimination statement at https://asu.edu/aad/manuals/acd/acd401.html; see ASU's Title IX policy at https://www.asu.edu/titleIX/)

ASU offers applicants an opportunity to voluntarily self-disclose information for the University affirmative action plan; applicants may complete an EEO survey for the position they are applying for online. Information you will need to complete the survey: Job Number: 11852; Job Title: Microbiology/Biology Lecturer, Science, Mathematics and Social Sciences: College of Integrative Sciences and Arts.

General Information: Arizona State University is a comprehensive public research university recently named #1 in the United States for innovation, followed by #2 Stanford and #3 MIT. We measure our success not by whom we exclude, but rather by whom we include and how they succeed; advancing research and discovery of public value; and assuming fundamental responsibility for the economic, social, cultural and overall health of the communities we serve. ASU’s College of Integrative Sciences and Arts is home to innovative teachers who are guided by educational access, student success, applied learning, and interdisciplinary inquiry. We understand there are many paths to achieving a university education, and we build undergraduate and graduate degree programs and pathways that are flexible and relevant for a rapidly changing world.
